

MINING APPROVED INDUSTRIAL INSTRUMENTATION

Pricam Automation offers a range of Simtars approved instruments for use in mining applications.

PRESSURE TRANSMITTER Universal

- Measuring ranges:
0...160 mbar
up to 0...400 bar
- Absolute pressure
0...0.4 bar
up to 0...25 bar abs.
- Diaphragm seal operation
with reduced
inner volume.

DIFFERENTIAL PRESSURE TRANSMITTER Universal

- Small, solid design.
- Wetted parts of stainless steel.
- Measuring ranges:
0...250 mbar
up to 0...25 bar
- Output signal:
4...20 mA or 3-wire

PRESSURE TRANSMITTER Heavy Duty

- Stainless steel housing.
- Thin film sensor element.
- Measuring range:
0...25 bar
up to 0...600 bar rel.
- Degree of protection IP 66

DISPLAYS & CONTROLLERS Digital Indicators/Totalizers

- Large display for level, pressure & flow
- Flowcomputers for total and flow rate indication.
- Stainless Steel enclosure.
- Rugged design
- Field mount IP67
- Battery, DC or Loop powered
